

ICCA Cricket Equipment Appeal

Most of you are aware that over the past year, ICCA has been gradually purchasing specialist training equipment to enhance the quality of training we offer in our various cricket programmes.

The benefits of this training are now beginning to bear fruit with a record representation of our boys in the various age groups for the Notts County Winter Squads; a record number of boys entered for the 2009 City District trials and finally, the success of one of our players in selection to the prestigious Notts County Junior Academy.

To continue this excellent progress, we have identified two items of equipment (pictured right bottom) to purchase over the next few weeks. One of the machines was extensively used in the fielding drills during the recent Andy Pick Pro Training sessions. Deployment of these specialist machines in our forthcoming training programmes will exponentially increase the quality of training offered by ICCA.

The machines, with the accessories, each cost approx. £2000. ICCA is launching this Special Appeal to raise £4000 over the next few weeks for the purchase of these items.

Donations of £25+ are requested from individuals or companies willing to support our efforts. Individual donations of £250 will earn a 50% discount from the future ICCA Cricket Pro Training programmes in 2009 & 2010 whilst a £500+ donation will secure a free entry into the Pro Training programmes in 2009 & 2010. We are pleased that this Appeal is being launched having already secured two donations of £500 each giving us a head start of £1000.

Anyone wishing to make donations, please contact either Hemant Patel (9162508), Deepak Desai (9285768) or Kailash Dal (9193578).
